# SUBHASH KUMAR

+91 8789106328 | kumarmehta172@gmail.com | www.linkedin.com/in/mehta-subhash10

## Summary

Develop robust, accessible websites using a comprehensive skill set in HTML, CSS, JavaScript, and React. Execute responsive design principles to ensure seamless performance across devices, driving positive user outcomes. Demonstrated success in improving page load times and enhancing interactive features to elevate user satisfaction.

## Experience

**Shineskill Software Pvt Ltd**                                     Ranchi, jharkhand India
Web Development                                                         08/2022 - 10/2022

- Create responsive and visually appealing websites through coding and design techniques.
- Gain hands-on experience in web development using HTML, CSS, Php, and MY SQL.
- Work closely with a team of experienced developers to enhance your skills and knowledge.

**Cisco**

Network Security

- Highly skilled and motivated Network Security intern with a strong understanding of cybersecurity principles and protocols.
- Proficient in conducting vulnerability assessments and implementing effective security measures to protect systems and networks.
- Familiar with industry-leading security tools such as firewalls, intrusion detection systems, and encryption methods..

## Projects

**Portfolio Website (React , Css & Bootstrap )**
https://subhash-mehta-react.vercel.app

- Designed and developed a professional portfolio using **React, CSS, and Bootstrap**. The site effectively showcases key projects, skills, and contact information.
- Implemented a **responsive design** using modern CSS techniques like Flexbox and Grid, ensuring the site is accessible and visually appealing on all devices (mobile, tablet, and desktop).

**Online Shoping Website ( HTML , CSS & JAVASCRIPT)**

- Developed a dynamic and responsive e-commerce website using **HTML, CSS, and JavaScript** to showcase a product catalog, functional shopping cart, and seamless checkout process.
- A front-end interface with features including product search, filtering, and a "add to cart" functionality, ensuring a user-friendly shopping experience on both desktop.

**Trading Cryptex webpage ( HTML , CSS & JAVASCRIPT)**

- This is a trading platform that displays real-time data.
- You can mention that it allows users to monitor market trends, view real-time price quotes for cryptocurrencies (or other assets), and analyze data.
- Clearly state the technologies you used. Beyond the basics of HTML, CSS, and JavaScript.

## SKILLS

HTML | CSS | Javascript | React js | Bootstrap | Tailwind CSS | Redux

Microsoft Office | Fast learning

## Education

**MS UTKARMIT BABHANDI (BSEB)**                                     Aurangabad, bihar
Matrix                                                                        2020
